SMALL AND LIGHT PISTOL

9 mm Browning / 9 mm Makarov

WWW.ZVI.CZ

KEVIN

Kevin is a small self-loading pistol designed for self-defense shooting up to 15 m. Its dimensions and weight ideally fulfil the requirements of life & property protection of civilians as well as the ones as a back-up weapon for police and military use. Fire efficiency is improved by a special barrel design while the .380 Auto cartridge (9 mm Makarov optional) offers good ballistic performance paired with relatively mild recoil. The pistol uses a blow-back-operated action with reverse gas withdrawal (patented) to slow down the slide and is equipped with a DAO trigger mechanism and fixed sights. The pistol does not require any external safety lever due to the DAO mechanism, adding to its user friendliness. Its frame is manufactured of a high strength aluminium alloy; the slide is made of high quality steel whereas no welding is involved as it is being CNC milled out of one solid block. The barrel is made out of hammer forged steel.

The KEVIN pistol provides simplicity, efficiency, and 100 % reliability for a competitive price.

KEVIN

TECHNICAL DATA

Caliber	9 mm Browning (.380 ACP) / 9 mm Makarov
Magazine Capacity	6 or 8 rounds (extended mag.)
Barrel Length	57 mm (2 1/4")
Length	116 mm
